INHERIT ALL THINGS

With *Inherit All Things*, Michigan author J. Ryan Fenzel takes the classic hunt for lost treasure tale and infuses it with local history, regional settings, and plenty of high energy. Events from Michigan's past weave like threads into a tapestry that conceal a path to a cache of gold coins. Rich characters with intertwined histories make unraveling the mystery a thrilling ride. Readers who enjoy the puzzle and punch of Dan Brown and Nelson DeMille will find much to love in *Inherit All Things*, and the familiar setting of this sweeping adventure story will draw a wider demographic of Great Lakes readers as well.

PUBLICATION DATE: April 30<sup>th</sup>, 2009

CATEGORY: Fiction – Adventure/Mystery

FIRST PRINT RUN: 1,000

SNAP SYNOPSIS:

Maritime salvager Jack Sheridan embarks on a white-knuckle venture to find a hidden trove of West Michigan gold coins. Cryptic verses and nineteenth-century artifacts lead him across the expanse of the Great Lakes, down desolate streets of a lost Michigan village, and into the depths of his own storied past. Each step draws him deeper into conflict with the ruthless Benjamin Higgs and a dangerous cadre of henchmen who also seek the coins, but for their own hidden purpose. What Jack finds in the end is more than he bargained for, and the adversary he must confront will force him to question everything he knows. Think *Treasure of the Sierra Madre* in the Great Lakes.

AUTHOR INFO:

J. Ryan Fenzel is a Michigan author whose mysteries and thrillers employ the rich landscape and character of the Great Lakes region. His works of fiction and special interest articles have appeared in a number of literary genre magazines and local newspapers. *Inherit All Things* is his second novel.
